Make every introduction count.

Tieglo helps organizers understand who's in the room and what guests need. Attendees get meaningful introductions, easy ways to connect, and a curated path to the next great event.

Formerly Craftus iXcelerator

FOR ORGANIZERS

- Live analytics on who is in the room, their interests, arrival times, origins, and more.
- A unique analytics offer gives organizers an edge with customers and management.
- Resell aggregated event analytics as a premium service.
- Show event ROI and monitor KPIs over time.

FOR ATTENDEES

- Guests get multiple instant recommendations for who to meet in the room and why.
- Connect without installing an app or creating an account.
- Get a badge everyone can read, printed on demand so registration stays open.
- Find regional events tailored to their interests and keep connections in one place.

Measure what matters

Track arrivals, QR exits, and guest answers. Show ROI and KPIs; tune events for specific goals and audiences.

Know the companies

See which companies attended and understand their needs, sizes, revenue, and more.
